Phil North

A Chuitna Mine meeting is scheduled for 11/27 - 29, which overlaps. There are several people working on both projects. I wanted to verify that the meeting was still scheduled before I alerted Hanh of the conflict.

Yes - the meeting is still scheduled for November 28 - December 1 - I confirmed this with Mike Smith last week - there is still not an agenda that has been distributed so if there are days you are not available I can try and lobby for 404 to be presented on days you are available - also NDM will have a phone conference link like last year which you could use if you couldn't get to Anchorage - (which is what Patty McGrath will be doing) As soon as I see an agenda I will make sure it is distributed - Dianne

Subject Pebble meeting in late November?

Hi Dianne,
Is there still a Pebble meeting scheduled for late November?
